CARROUSEL (Above). A tall-growing free blooming red. Special award winner American Rose Society. \$2.00 each.

NEW GRANDIFLORA CLASS

This brand new rose class just defined by All-America Rose Selections is going to do a lot to glamorize rose gardens. Grandifloras are a cross between the Hybrid Tea and the Floribunda. The flowers feature the classic high centered form, long stems, and in some cases, the fragrance of the Hybrid Tea. But the blooms are usually borne in clusters so that you get many, many more of them. The plants of all Grandifloras are extremely vigorous and relatively tall-growing. In some areas they will grow to a height of 5 to 6 feet. Just right for the back row in a rose garden, a tall rose hedge, or used in the shrub border.

AND HERE IS HOW YOU DO IT

1. **BY MAIL.** Pick out the items you wish and jot them down on the handy order blank in the middle of this catalog. Enclose your remittance (check or money order if possible) and the mailman will bring your order direct to your door.
2. **BY PHONE.** Call our nursery at KEystone 5167. We will be more than happy to help you in your selections and deliver them direct to your door.

3. **BY PERSONAL VISIT.** We can give you the best service by having you visit our nursery at E. 2929 29th Ave., where you may pick out your stock personally and either take it with you or make arrangements to have it delivered.

Regardless of which way you order from us, you can rest assured that you will receive the finest nursery stock that is grown and prices that are consistent with good quality. If you are a new customer, a trial order will convince you.

**PLEASE READ BEFORE
ORDERING**

GUARANTEE—We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price.

DELIVERY—No charge for local delivery in City of Spokane or Spokane Valley on orders for \$3.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SALES TAX—If you live and order from the State of Washington, please enclose 3% state sales tax. No sales tax for people who order from other states.

HOW WE DO BUSINESS

**PLEASE READ BEFORE
ORDERING**

SPECIAL OFFERS AND SUBSTITUTIONS—In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES—All of the stock listed in this catalog is for availability during the year of 1955 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense. Due to the increased costs of labor and packing material, please add 10% to your order for packing charges.

The Newer **EVERBLOOMING ROSES**

RED FAVORITES

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHARLOTTE ARMSTRONG. The originators of this rose, calls it "Queen of Them All," and well it may be. Winner of the sole 1941 AARS award. Its long, slender, cerise buds and magnificent open flowers make it very popular. Fine for cutting and a consistent show winner. Pat. 455. \$2.25 each.

CHRYSLER IMPERIAL. 1953 All-America Winner. Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Flowers are sweetly scented with a true rose fragrance. An ideal red exhibition rose. Illustrated on Page 31. Pat. 1167. \$2.50 each.

NEW YORKER. Called by the originator as "The Best Red Rose of all Time." While we don't exactly agree with him, New Yorker is worth a place in any garden—even two or three of them if you like an enormous red rose that stays red until the last petals wither and fall. 3 ft. Pat. 823. \$2.00 each.

PRESIDENT EISENHOWER. Clear Rose Red. New rose introduced 1954. Large bud that opens to a full double, very fragrant flower. Dark green leathery foliage. Medium height. A winner like it's namesake. We like to call it the modern "American Beauty." Pat. 1217. \$2.50 each.

SAN FERNANDO. Back again on our list after several years absence. Deep red buds that open to a lovely currant-red. Good keeping quality when cut. For you who like to smell roses, will agree that this has the finest fragrance of them all. One of the AARS Top Ten. Medium height. Pat. 785. \$1.75 each.

TUDOR. Scarlet red buds that turn to a strawberry red in the open flower. Turns darker with age. Very double large and high-centered. Medium growth, moderately fragrant. New rose introduced 1954. We think that you will like it. Pat. 1223. \$2.50 each.

WHITE FAVORITES

BLANCHE MALLERIN. So many people tell us that this is the best white, if there is such a thing. We'll admit that it is pure white with fragrance plus a satiny sheen. High centered flower of exhibition type. Pat. 594. \$2.00 each.

WHITE SWAN. There is nothing any prettier or purer than a white rose nestled in dark green foliage. White Swan is pure white and has the dark green foliage. The form is so perfect that it could easily give McGredy's Ivory a run for the money in any rose show. Our quantities will be limited. Pat. 1115. \$2.25 each.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess". A most unusual rose for flower arrangements. Pat. 850. \$1.75 each.

PINK FAVORITES

CAPISTRANO. Clear rose pink buds that do not change in color in the open flower. One of our better pure pink varieties. Very vigorous and sturdy. Fragrant. Pat. 922. \$2.00 each.

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds—and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

HELEN TRAUBEL. Easily the outstanding new rose of 1952. We do not recall of one complaint to reach us on this rose. In all the people we have talked to and the letters we have received, it has been highly praised. This new Armstrong rose is the best since Charlotte Armstrong. Pat. No. 1028. \$2.50 each. Illustrated inside back cover.

LODESTAR. Another new rose introduced in 1954. Lodestar is somewhat on the order of Diamond Jubilee in both form and color. We would say that it has a better shaped bud than Diamond Jubilee. Large buds of globular shape. Flowers large, double, fragrant and a buff-orange-pink in color. Leathery foliage on a medium size plant. Pat. Pend. \$2.75 each.

NEW!!

NEW!!

TIFFANY. Only hybrid tea All-America Winner for 1955. Not since Capistrano won the award several years ago, have we seen a new pink rose that captured our hearts so completely. Like most of the new roses coming out today, Tiffany has some Charlotte Armstrong blood in its parentage. You can note the resemblance to its parent by the long tapering buds and the high centered blooms, and being an award winner you can be sure that it will do well in all parts of the country.

Tiffany's main attraction to us is the warm, clear pink color and the vigorous upright plant. Long strong stems and perfect dark green foliage makes it ideal for cutting. The petals have a lot of substance which gives the blooms those lasting qualities and makes it a leading pink exhibition rose. Fragrance too.

If this rose hadn't already been named Tiffany, we would like to think of it as Improved Picture. Pat. Pend. \$3.00 each.

TWO-TONE FAVORITES

FRED EDMUNDS. Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. \$2.00.

HUNTSMAN. For several years, we have debated whether we like Forty-Niner or Huntsman. Both have the same characteristic of being red and yellow. In our locality, Huntsman does not blue like Forty-Niner and it does give out more bloom. Also the back of the petals are a very vivid orange-yellow instead of a straw yellow. About 2 ft. tall. Excellent foliage. Pat. 1012. \$2.00 each.

MME. HENRI GUILLOT. Don't let the name trip you up; just call it "Madam Henry" like we do. Foliage very leathery like Peace. Blooms of watermelon to raspberry pink with gold base. Pat. 337. \$2.00 each.

MOJAVE. All-American Winner for 1954. We do not recall any year that a new rose has gone over so well with our customers as Mojave did last year, and we do not have one complaint regarding its performance. Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermillion. Big, beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Medium height with good glossy foliage, Mojave is one variety that will shine in your garden. Illustrated on page 31. Pat. 1176. \$2.75 each.

PAGEANT. Just like the name implies, a gorgeous riot of color. Golden yellow bud with vermillion-red on the inner surface, which changes to coral-rose-pink. Clean foliage. Medium height. Introduced in 1954. Pat. 1252. \$2.50 each.

SATURNIA. One of our leading exhibition type roses and this writer well remembers a rose show on the Coast several years back when he bet a steak dinner on a bloom of this variety and won. Scarlet and gold and good form in both flower and bush. Pat. 349. \$1.75 each.

ALL OF THE ROSE BUSH PLANTS LISTED IN THIS CATALOG ARE GRADE NO. 1. WE DO NOT HANDLE WAXED OR BOXED ROSES.

YELLOW FAVORITES

NEW!!

GOLDEN MASTERPIECE. New yellow rose to be introduced by Jackson & Perkins this year. The enormous golden yellow flowers are truly a masterpiece. Sometimes a large bloom appears ugly to us because it does not have the stem to support its size, but this is not true with Golden Masterpiece. We have watched this rose for several years in the test gardens, and have yet to see a bloom that was not supported by a vigorous stem with glossy foliage. It has the fragrance and high centered flowers that should make it one of our leading exhibition roses. If you want a good yellow rose, we can suggest Golden Masterpiece. Pat. Pend. \$2.75 each.

LOWELL THOMAS. We still keep this rose as our favorite pure yellow that does not fade too much. It seems to do well in all parts of the country. The only complaint that we had is the weak plant but this can easily be remedied by a little Sunny Spokane Plant Food. Good stems that have excellent foliage. 2½ ft. Pat. 595. \$2.00 each.

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prize-winner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms—each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. Illustrated inside back cover. \$2.50 each.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. Illustrated on page 31. \$2.25 each.

RED FAVORITES

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose. Illustrated back cover.

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest selling red rose. Fairly double. 2½-3 ft.

ENA HARKNESS. A grand new English rose that we recommend as the finest rose listed in this catalog regardless of price. It's a vivid, poinsettia-like scarlet with no fading, bluing or burning. A very pronounced fragrance. Good shaped bush with disease-free foliage. An absolute "must" for every garden. You'll be hearing a lot about this rose in the next few years. Illustrated on Page 32. \$1.50 each.

POINSETTIA. Long pointed buds opening to exquisite blooms of glowing brilliant red that certainly remind one of the Poinsettia Christmas plant.

YELLOW FAVORITES

ECLIPSE. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Finally off the patent list and offered at this new low price. Illustrated on back cover.

JOANNA HILL. Orange-yellow buds opening to large, double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

McGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

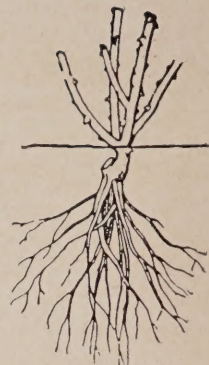

PINK FAVORITES

PICTURE. A very fine rose for cutting and pretty as a "picture". To see the velvety-rose pink flowers is to want it. 2½-3 ft. Illustrated back cover.

DAINTY BESS. Very popular single flowering rose. Five light pink petals enclosing a mass of crimson stamens. 3-3½ ft.

THE DOCTOR. Enormously large semi-double pink flowers that literally hold you spellbound as you view it. Plant this in your garden and watch people stop to look at it. Very fragrant and satiny. Not over 2½ ft.

FRAU KARL DRUSCHKI. Magnificent snow-white blooms with a touch of pink in the center. This is our largest selling white rose and we still think it is the best of all whites. 3-6 ft.

TWO-TONE FAVORITES

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: Pink, copper, gold and salmon. 3 ft.

MRS. SAM McGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft. Illustrated back cover.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

NEW!!

BLAZE. Now you can have America's favorite red climber in this ever-blooming improved strain. Why fool with inferior strains of Blaze or Paul's Scarlet, when you cannot only have bloom in June but throughout the summer as well. Our plants are good and husky and in most cases give you bloom the first year planted. \$1.75 each.

RED FLARE. Another new climber from Jackson & Perkins. Hybrid-tea size blooms of clear deep red, fading only slightly. Very double. Blooms in June and again in August. One of the new everblooming climbers that will rapidly replace the older non-everblooming types. Order and plant with confidence as all of our husky bushes are guaranteed to grow or they will be replaced free of charge. (See page 3 for our complete guarantee.) PPR. \$2.75 each.

PINK SHADES

ALOHA. Deep rose-pink blooms of enormous size that defies description. We believe this climber to be far more superior in both bloom and climbing habits than the old rose, Dr. J. H. Nicolas. One of our few good everblooming climbers. Pat. No. 948. \$2.50 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green luxuriant is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. P.A.F. \$2.75 each.

CLIMBING PINOCCHIO. Anyone who knows roses knows Pinocchio, a favorite Floribunda for the past 12 years. Cl. Pinocchio will produce an unbelievable amount of the same blooms as the bush from June until frost. Very long lasting when cut for indoors. Pat. 1142. \$2.50 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

PARADE. Large flowers, 4 to 5 inches across, of light rose in color, and spicy. Excellent dark green, disease resistant foliage. Parade grows very easily and will thrive in semi-shade as well as full sunlight, producing a very heavy spring and fall bloom and intermittent between. P.A.F. \$2.50 each.

TWO-TONED SHADES

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

CL. TALISMAN. Same as bush rose. Red, gold and yellow. \$1.75 each.

CLIMBING CHARLOTTE ARMSTRONG. The bush form needs no introduction to any rose grower and this Climbing form is the same type of bloom. A lot of people have been waiting for this climbing rose. Pat. 523. \$3.00 each.

CL. CRIMSON GLORY. Everybody is familiar with the bush Crimson Glory and this is just the same. While it is not as prolific as the bush form, we believe its bloom is more perfect, if possible. Pat. No. 736. \$2.00 each.

YELLOW SHADES

CLIMBING GOLDBLOCKS. One of the finest yellow everblooming climbers. Cl. Goldilocks is identical to the Floribunda Goldilocks. Together with Cl. Pinocchio and Cl. Pinkie, you couldn't ask for any better climbers to give you a continuation of bloom throughout the summer months. All three are very hardy, vigorous and will bloom the first year. Price on Cl. Goldilocks, Pat. 1090, \$2.50 each.

HIGH NOON. Everblooming yellow with hybrid tea like flowers. Needs some protection in our climate. \$2.00 each.

CL. PEACE. Cl. sport of the ever-popular Peace bush rose. Most people report finer blooms on the climber. Pat. 932. \$2.50 each.

CLIMBING SUTTER'S GOLD. Popular as bush rose, now available in the climbing form. Vigorous like the bush, it covers itself with the same exquisite flowers only more of them. Pat. 1185. \$2.75 each.

WHITE SHADES

CITY OF YORK. Buff-yellow buds open to pure white petals with yellow stamens. Glossy foliage. \$1.75 each.

GARNETTE. Although used extensively as a greenhouse rose for some years, it was new to outside gardens last year. We do not know of any other rose that will hold up as well when cut. Its red "sweet-heart" sized flowers will delight anybody who delights in flower arranging. This gem also has crinkled holly-type foliage. Be sure to plant it in front as its height is seldom over 18 inches. \$1.75 each.

PERMANENT WAVE. Due to our customers continuously asking for this rose, we are listing it again this year. It always seems to find itself with a blue ribbon at our own Spokane Rose Show. Delightfully crinkled and luted edges of each petal give this rose its name. Cochineal-red with inside a shade lighter. Our weather conditions in the Inland Empire has a habit of making it more of a pinkish red. Pat. 107. \$1.50 each.

PYGMY RED. New type of Floribunda that does not grow over 1 ft. tall. Used effectively for edging walks and perennial borders. Very dark shiny foliage. P.R.R. \$1.75 each.

RED PINOCCHIO. The ever popular Pinocchio in a rich glowing red. Fragrant. 2½ ft. Pat. 812. \$1.50 each.

SIREN. A brilliant fiery scarlet. Ruffled blooms in very graceful clusters. A color you will find in no other rose. Excellent cutting. Pat. 1197. \$2.25 each.

VALENTINE. A new floribunda that we listed for the first time this past year. Valentine was easily one of the "most commented about" roses in our own field this past summer. Never without bloom, this 18 inch high, rich dazzling red, semi-double floribunda, really took the "Ohs" and "Ahs". To give your garden a splash of color, Valentine will do it. Pat. 1029. \$2.00 each.

Here's Why Floribunda Roses Are So Popular!

- They bloom in great clusters of 15 to 20 flowers all summer long . . . from June to frost.
- They are adaptable to every type of planting on your property. Excellent for beds, borders backgrounds, hedges, specimen plantings,

foundation plantings and with evergreens and other flowers.

- Require very little care! Rugged, hardy, vigorous and disease-resistant.

- They give you more color, more blooms, more growth than any other flower!

- Also lovely in flower arrangements, as boutonnieres and corsages.

NEW!!

NEW!!

RED CAP. A showy new red from Armstrongs for your 1955 rose garden. Red Cap is a fiery red mantle which seems to glow as if lighted from within. Both the clusters and the individual blooms are much larger than usual for this type of rose. The wavy petaled flowers open a bright vermilion gradually deepening to a rich velvety crimson which is even more attractive than the opening flower. Like so many Floribundas, a cutting of one stem will give you a whole bouquet and the substance of the petals will make it long-lasting.

Red Cap was one of the outstanding new roses in our local garden this year. The extremely vigorous bush of medium height looks like it will be easy to grow. Pat. 1292. \$2.50 each.

YELLOW FAVORITES

GOLDBLOCKS. Our best yellow floribunda. Quite low in growing habits—about 2 ft. tall. Buds are ovoid with a reddish tinge. Bloom of sulphur yellow that lasts well when cut. Pat. 672. \$1.50 each.

PYGMY GOLD. Same type as Pygmy Red described in the left hand column of this page. Pat. 1114. \$1.75 each.

YELLOW PINOCCHIO. Newest member of the Pinocchio family. Masses of bloom in apricot-yellow that literally cover the plant. 3 ft. Pat. 992. \$1.50 each.

WHITE FAVORITES

IRENE OF DENMARK. Without a doubt the best white floribunda to date. This rose does not have that fault of other white floribundas by being a little bit dirty looking all the time. It probably washes its face with the morning dew. Pat. 889. \$1.75 each.

GLACIER. Because Irene of Denmark grew too high for some people desiring a good white Floribunda, we have added Glacier to our list this year. Icy-white buds that open to large 4 inch blooms of snow white. Very bushy and branchy growing and never over 2½ ft. in height. Pat. 1025. \$2.00 each.

LILIBET. 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. P.A.F. \$2.00 each.

PINKIE. Dainty little pink buds that open to a flower of about 2 inches across. Very nice for cutting and use in arrangements. 1½-2 ft. Pat. 712. \$1.75 each.

NEW!

JIMINY CRICKET. Illustrated on our front cover this year. We think that the outstanding feature of this new 1955 All-America Winner from Jackson & Perkins is the sparkling new color—a bright apricot-orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting.

Medium height in growth, Jiminy Cricket boasts a vigorous rounded plant well clothed with glossy green foliage. The fine rich color and the continuous blooming habit make this ideal for hedges, massing or for a flattering addition to your present rose garden. Pat. Pend. \$2.50 each.

MASQUERADE. A sensational riot of every color in the rainbow on one plant at the same time. Each bud is golden yellow with tiny vermillion marks. As the flowers open, each one changes from yellow to silver to pink to red. Each cluster will give you a full bouquet. 2½ ft. Pat. 975. \$2.00 each.

FASHION. If you will look in our past catalogs, you will note that we have recommended this rose very highly. As this catalog goes to press, we have just received word that Fashion, together with Carrousel, have been given a special award by the American Rose Society as the best rose introduced in recent years. The oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. Our previous offer still stands when we tell you to plant three of Fashion this year and if you can honestly tell us that you don't like it, we will be glad to refund your money. Pat. 789. \$2.00 each.

FLORADORA. The unusual orange-scarlet color is one of the most attractive to be found in roses. Exquisite buds open to fully double flowers. Very vigorous and tall growing—often to 4 or 5 ft. \$1.50 each.

VOGUE. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.00 each.

GRANDIFLORAS

**A BRAND NEW
STYLE IN ROSES**

**SEE OUR SPECIAL OFFER ON PAGE 2
WHICH INCLUDES THESE 5 GRANDIFLORAS
DESCRIBED ON THIS PAGE.**

BUCCANEER. Illustrated inside front cover. A new yellow introduced by Armstrong several years ago. Tall growing that should only be planted in the background. Buccaneer is a good continuous bloomer with excellent glossy foliage. Very moderate fragrance. Has been one of the outstanding yellows in our own garden on Rose Hill. Pat. 1119. \$2.75 each.

CARROUSEL. The first rose to bear the distinction of the new Grandiflora Class. We have stated in this catalog for several years that this rose has not received the publicity that it deserves and just as we go to press, the American Rose Society has awarded Carrousel, together with Fashion, an award as one of the outstanding roses of the past five years. The color of Carrousel is called "Indian Lake" red. Very large blooms that drop cleanly to make room for the newly opened crimson buds. Illustrated on inside front cover. Pat. 1066. \$2.00 each.

DEAN COLLINS. Called "The Lazy Gardener's Rose" by the originators because of its trouble-free growing habits. The Spirea-red buds open to full, double, long lasting blooms of rose opal and carmine. The plants are vigorous and upright, with glossy dark green, disease resistant foliage. Here is really a toughy rose that will perform beautifully with very little care—truly a lazy gardener's rose. \$2.50 each.

QUEEN ELIZABETH. Being a brand new rose in a brand new class and an All-America Selection as well, Queen Elizabeth certainly has a great deal to recommend it. We have watched this rose in the test gardens for several years and we are sure that it will live up to its recommendations. Named for Her Majesty, Queen Elizabeth II, of England, this rose with its beautiful flower form and its delicate clear pink color does honor to that gracious lady. Both the buds and the open bloom have the clear pink color. High centered blooms that appear both singly and in clusters with stems long enough for cutting last exceptionally well in bouquets and arrangements. As all Grandifloras should, Queen Elizabeth features a big, very vigorous and extremely tall-growing plant, which is well clothed in glossy green foliage. Almost thornless, too. Originated by Dr. W. E. Lammerts who gave us Dean Collins last year. Illustrated inside front cover. PP. \$3.00 each.

ROUNDELAY. This new vivid red from Armstrong's is a representative of the new Grandiflora class. From Charlotte Armstrong, Roundelay inherits delightful form in all stages from the beautifully formed, deep red buds to the neat, full, high-centered, open blooms of vivid red. From its Floribunda parent comes a long-lasting substance and free continuous habit of bloom.

In true Grandiflora fashion, Roundelay produces great numbers of flowers in clusters, but each bloom on a long stout stem that are fine for cutting. An extra bonus is the delightful penetrating fragrance. Extremely vigorous and tall growing like all Grandifloras. Illustrated inside front cover. Pat. 1280. \$3.00 each.

SHRUB ROSES

GAY HEART. Bright pink, 4-5 in. flowers produced in large clusters. Attains a height of 4 ft. or more. Blooms all season. Pat. 1026.

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$11.95.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.
Helen Borchert. Shell pink. Very large. Desirable for forcing indoors.
Prices, 5-6 ft., \$4.35.

✓ **ROYAL REDLEAF.** A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 5-6 ft., \$4.95.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.35; 5-6 ft., \$5.35.

✓ **Cistena.** New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.35; 5-6 ft., \$6.00.

✓ **Newport.** Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95.

✓ **Sapa.** Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$4.95.

✓ **Thundercloud.** Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 5-6 ft., \$6.95; 7-8 ft., \$10.00.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.35; 4-5 ft., \$5.95.

HYPERICUM. (Sun Gold). Pat. 568. The hardiest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail-order customers. 18-24 in., \$2.50 each.

FORSYTHIA

-- Herald the Coming of Spring

Arnold Dwarf. Ever since we noticed this dwarf Forsythia at the Arnold Arboretum in Boston several years ago, we have been trying to obtain a supply and finally succeeded. Very dwarf and compact plant, never over 3 ft. Flowers similar in color and shape to the larger growing Forsythias. You'll enjoy this Tom Thumb if you can use a dwarf growing flowering shrub. Ideal for the newer ranch type home foundation planting where straight evergreens are monotonous. 18-24 inches. \$2.00 each.

NEW!

NEW!

LYNWOOD GOLD. Coming to us from Ireland, this new Forsythia introduced by Wayside Gardens has replaced all of the other dark yellow Forsythias that we previously listed. Erect branches that are literally smothered under golden yellow flowers from top to bottom. The golden flowers are just as profuse as Spring Glory with each individual bloom fuller in form as well as greater substance than the older type of Forsythias. Try planting Lynwood Gold with Spring Glory for early spring blooming contrast. You'll love it. 24-30", \$2.50.

Spring Glory. This new forsythia is without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. Twice the bloom you will find on other forsythias. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 24-30", \$1.95.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 24-30", \$1.95.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 24-30", \$2.35.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 18-24", \$1.95.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . RIVERS PURPLE BEECH. No flowers on this shrub but it possesses the most outstanding foliage of purple that you will find on any shrub, and one that will give your garden that unique atmosphere. This is something that you won't find in everybody's garden. 3-4 ft., \$5.00; 5-6 ft., \$8.00.

TAMARIX

Hispid. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30", \$1.95.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$2.95.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall. \$4.50.

Adelaide Dunbar. Double, dark red.

Alice Eastwood. Double, mauve pink.

Alphonse Lavelle. Double lavender-violet.

Belle de Nancy. Double satiny rose.

Charles Joly. Double dark reddish-purple.

Capt. Perrault. Double pink.

Congo. Single reddish-purple.

Decaisne. Single lavender-blue.

Firmament. Single, sky blue.

Gismonda. Double, reddish purple.

Katherine Havemeyer. Double, purplish mauve.

Lucy Baltet. Single flesh-pink.

Ludwig Spaeth. Single dark purple.

Marechal Foch. Single, carmine pink.

Mad. Lemoine. Double white.

Michel Buchner. Double pinkish lilac.

Mont Blanc. Best single white.

Persian. Reddish purple.

Pres. Carnot. Double lilac-blue.

Pres. Grevy. Double soft blue.

Pres. Lincoln. Single true blue.

Villosa. Late pale pink.

Prices above lilacs, \$2.95 each.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 12-15 in., \$1.65; 15-18 in., \$1.95.

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Mongolica. Often called the Snowbank Spirea because it is the earliest of all Spireas to bloom. Always in full bloom along with the Forsythia, you will marvel at the effect when the two are planted together. Graceful in growing habit and never over 5 ft. at maturity. 2-3 ft., \$2.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 24-30", \$2.25.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 18-24", \$1.95.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 18-24", \$1.75.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

✓ Hopa Crab	Maple Ginalla
✓ Eleyi Crab	✓ Cistena Plum
Bechtel's Crab	Prunus Triloba
Paul's Scarlet Hawthorne	

All are 3-4 ft. and priced \$3.95 each.

VIBURNUM

- ✓ **Highbush Cranberry.** Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 24-30", \$2.50.

Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 18-24", \$1.95.

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30", \$2.50.

AMERICAN ARBOR VITAE

- FAST GROWING
- EVERGREEN
- SHEARS WELL

Our most popular planted evergreen hedge. Very fast growing—12 to 24 in. per year. Hardy and evergreen. Looks good whether you trim it into box-shape or just let it grow. Plant from 3 to 4 ft. apart, depending on how fast you wish a good tight hedge.

Baby Size. 12-15 in., \$1.25 each; 12 for \$12.00.

King Size. 2-3 ft., \$3.00 each; 3 for \$8.25; 12 for \$30.00.

BARBERRY

Thunbergi. Green foliage with yellow flowers. Brilliant foliage in autumn with red berries. Hedging size, \$6.00 per dozen.

Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow, try caragana. It needs no care! Hedging size, \$5.00 per dozen.

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per hundred.

Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per hundred.

Golden Privet. New hardy privet with golden yellow leaves. Very neat and compact, easy to trim. Suitable for both specimen and hedge planting. 18-24 in., \$1.00 each.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$7.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$7.50 per dozen.

DID YOU FIND WHAT YOU WANTED?

EVERGREENS

For Beauty All Year

— NOTE —

Larger size evergreens are available at our nursery. Also other varieties not listed on these two pages. Buy your evergreens from a reputable dealer and where they are guaranteed to grow.

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 12-15 in., \$2.95; 18-24 in., \$6.50.

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

2 and 3 year old heavy transplants.

Set these sturdy transplanted evergreens in your garden for several years, and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

Pfitzer Juniper	Pyramidal Arb. Vitae

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 24-30 in., \$3.45.

Elwoodi. A fine, feathery foliage. Dwarf, compact, slow growing. The color is a silvery-blue. 12-15 in., \$3.00; 24-30 in., \$7.00.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfer growing with drooping cords of gold. 12-15 in., \$4.50.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 9-12 in., \$3.50; 15-18 in., \$6.50.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft. \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft. \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in., \$3.45.

(Note—While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

SPRUCE—PICEA

Colorado Blue. (Koster). Grafted plants of steel-blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 30-36 in., \$17.50.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 2-3 ft., \$5.00.

Dwarf Alberta. Close, pyramidal growth, thickly covered with short, close set, twiggy branches and grass-green needles. Very slow grower, 18-24 in., \$6.25.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in. \$2.95.

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50; 12-15 in., \$2.50.

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 75c; 12-15 in., \$2.50.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Franchetti. One of the best taller growing varieties. Arching branches with thick greyish wrinkled leaves bear pinkish flowers and orange-red berries in the fall. 2-3 ft. \$5.00.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

Divaricata. Upright spreading branches with foliage nearly evergreen. Flowers are pink and berries are red. Becoming increasingly popular, 3-4 ft., \$6.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezerium (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12 in., \$1.25; 12-15 in. bushy, \$2.50.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$4.50.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage. Makes it very interesting for winter effect. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$8.00; 3-4 ft., \$12.00.

RHODODENDRON. (Washington State Flower). If you prepare your soil to an acid condition and choose a sheltered location, Rhododendrons will thrive in our area. While we have named varieties, we are only listing seedlings in purple and red because we have found they are much hardier and more satisfactory. They are all budded and will bloom for you this year. 15-18 in., \$5.00; 2-3 ft., \$7.50.

VIBURNUM

Burkwoodii. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

NEW!

NEW!

CARLCEPHALUM. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

**COMBINATION
FRUIT TREES
(NOT DWARF)**

Delicious fruits for all seasons on ONE TREE. Our famous "Made-to-Order" Tree, so fine for the planter with little space—one tree producing leading varieties for each season, from early season and lasting well into fall. We are offering apples and cherries in the following combinations:

✓ **APPLES**

Gravenstein, Jonathan, Yellow Transparent.
Gravenstein, Red Delicious, Jonathan.
Yellow Transparent, Red Rome, Jonathan.

✓ **CHERRIES**

Bing, Lambert, Black Tartarian.
Bing, Royal Ann, Black Republican.

ASPARAGUS

PARADISE. A new variety that is superior to the Mary Washington. Widely heralded as an unusually heavy producer. Most satisfactory for the small yard.

3 yr. roots, 10 for \$1.00; 25 for \$2.00;
\$6.50 per 100

CURRENTS

✓ **CHERRY.** The largest of all red currants. The berries are often to one-half inch in diameter in short bunches.

3 yr. select, \$1.00

GOOSEBERRIES

✓ **OREGON CHAMPION.** Very free from mildew. Medium size berries of good flavor. Early ripening.
3 yr. No. 1 select. \$1.00 each.

THORNLESS BERRIES

✓ **THORNLESS BOYSENBERRY.** An immense berry on vigorous thornless bushes. Bearing young for a period of two months during the summer, Boysenberry is a heavy producer.

✓ **THORNLESS YOUNGBERRY.** The fruit is very large and juicy. The color is nearly black. Very few seeds and the vines are very hardy.

✓ **THORNLESS LOGANBERRY.** This new thornless variety has proven far more productive than the old thorny type of Loganberry. A very fine berry.

✓ **THORNLESS NECTARBERRY.** If you want something different, try the taste of this berry. They are much better fresh from your garden than when you buy them at the store.

Prices on all Thornless berries: 2 yr. No. 1 Transplants, 65c each; \$6.00 per dozen.

GRAPES

BLACK. Concord, Fredonia, Worden.

RED. Caco, Agawam.

WHITE. Portland.

GOLDEN. Golden Muscat.

Prices on all grapes, 2 year No. 1, Select Plants, 85c ea.

RHUBARB

CANADA RED. The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor—second to none. You only buy it once in a lifetime, why fool with second rate varieties. No. 1 divisions, \$1.00 each.

STRAWBERRIES

ROCKHILL NO. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions. Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per hundred.

STREAMLINER. Leading growers declare that this is the best everbearing strawberry grown. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per doz.; 50 for \$3.50; \$5.00 per 100.

New Red Rich Strawberry The Amazing Wonder Berry

Up to a Pint Per Plant First Year • Honey Sweet

University test proved Red Rich best of 29 varieties tested. A patented plant that took 15 years and 15,000 seedlings to produce. Tops for freezing—red clear through. Solid and firm. Huge plants about twice the size of most everbearers. Plant them along border or walk. Real everbearers, folks, crop after crop until freezing weather. Ummmmmm . . . wait'll you taste 'em. **ORDER NOW!**

Asparagus, Currants, Gooseberries and Thornless Boysen, Young and Nectar Berries are listed on Page 29.

BLACKBERRIES

The **EBONY KING** is a new blackberry that has been under test for the past 12 years. Berries are exceptionally large, of the Eldorado type. They are very sweet and have that real wild blackberry flavor. Ripens earlier than most blackberries. No blank or sterile plants that fail to produce. Has withstood temperatures down to 30 below zero. Bushes are upright and very strong, being able to hold the heavy yield and still put them up where you can pick them easy.

Prices: Transplants, No. 1, 75c each; 3 for \$2.00.

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

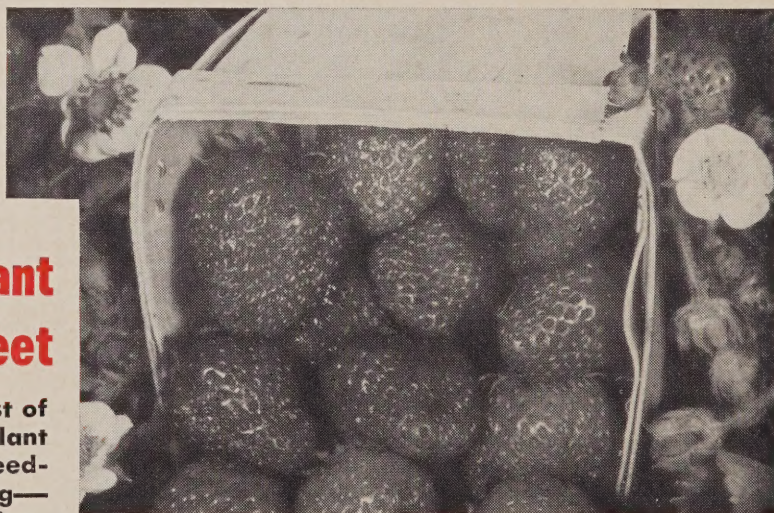

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry.

Prices on Raspberries. Transplants, 35c each; \$3.50 per dozen.

NEW!
